WELCOME

SEX TRAFFICKING IN HOUSTON: HIDDEN IN PLAIN SIGHT alludes to the reality that for many survivors of trafficking, they are not seen. Only through education and awareness can we, as a community, identify and take action.

Ms. Rhonda Kuykendall is the first student in the history of our vitalvoices presentations to plan and host a vitalvoices event. What's more, this event marks the first time we've conducted a three day session. Rhonda is a student in UHD's College of Public Service pursuing a bachelor's degree in social work. As a survivor of sex trafficking herself, Rhonda wants attendees to understand how sex trafficking occurs and how as a community we must be aware of what it looks like in our schools, families, and neighborhoods.

Rhonda is a member of UHD's Honors College, Gator Advisor Board, Phi Alpha National Social Work Honor Society, and a member of Social Work Student Community Advocacy Network (SWS-CAN). Her first semester at UHD she was asked to participate in a webinar on the importance of voting, "Local Voting Matters." She was awarded the CPS Social Justice and Change Agent award in Spring 2022. In Fort Bend County, Rhonda was awarded the Star of the Year Award by Star Newspaper and the Book of Golden Deeds Award by the Sugar Land Exchange Club. Rhonda has been an active social justice advocate working in the Texas legislature to enact bills to help survivors of sexual assault and sex trafficking.

This past legislative session Rhonda was invited to the capital to the bill signing of nine human trafficking bills enacted this past legislative session. She is currently working with several nonprofits to formalize a legislative agenda for the upcoming 88th legislative session. To learn more, visit her Facebook group Our Voice in Texas at <https://www.facebook.com/groups/ourvoiceintexas/>. This group details the work being done locally and across the state to prevent, prosecute, educate, and change laws regarding sex trafficking.
