

By-Pass Exam Policies for Math Courses - UHD Department of Mathematics and Statistics

- The Mathematics and Statistics Department offers by-pass exams for the following courses:
 - Math 1301 College Algebra
 - Math 1505 Precalculus with Trigonometry
- By-pass exams are offered for free in the Mathematics and Statistics Department office (S705) on the Monday before the beginning of each long semester (Fall and Spring). The exact dates are posted in the UHD Academic Calendar. Just come to S705 to be directed to the testing location. There is a morning session from 10:00 a.m. to 12:00 p.m. and an afternoon session from 2:00 p.m. to 4:00 p.m. Review sheets for the by-pass exams are also available in S705 or on the MS Dept. webpage at <https://www.uhd.edu/academics/sciences/Pages/cms-bypassExam.aspx>.
- Students may also schedule a day and time to take a by-pass test at UHD Testing Services in GSB311. A variety of dates are available. Visit the UHD Testing Services webpage at <https://www.uhd.edu/testing> for a list of available dates and to schedule an exam.
- Students may take a by-pass exam only once per coming semester.
- Students must satisfy the proper prerequisites (i.e., placement in the course for which they plan to by-pass) in order to take a by-pass exam.
- A student may not take a by-pass exam for a course that he/she has already taken and received a grade in, including a grade of F.
- A score of 70% or higher is required to successfully pass a by-pass exam.
- A by-pass exam result is valid only for the coming semester, whether the student passes or fails the by-pass exam.
- Calculators are not permitted on any by-pass exam.
- A student who successfully passes a by-pass exam does not earn credit for the course; this result merely allows the student to by-pass the course and to enroll in a subsequent math course.
- Students who pass the Math 1301 by-pass exam are eligible to take the Math 1505 by-pass exam on the same test date, if they wish.
- Transient or international students may take a by-pass exam with Advisor approval (see below).
- If you have any questions, please contact the UHD Mathematics and Statistics Department office at (713) 221-8012.

For transient or international students only:

Advisor please complete and give to student to bring to the by-pass exam.

Student _____ (Name and UHD 900 #) has my permission to take the by-pass exam for the following math course: _____

_____ (Advisor signature)
