¹ Undergraduate/Post Baccalaureate students enrolled in Graduate level courses are included in Undergraduate figures and Graduate students enrolled in Undergraduate courses are included in Graduate figures.

² Beginning in 2011, ethnicity data has been split into a two question format. The information for 2011 forward is compiled into the old categories to enable comparison of data across time.

This report includes students who are non-resident, located out of state, and taking only online classes that could not be included in state reports per their instructions (2013: 3 students, 2014: 6 students, 2015: 5 students).

MBA Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students.

UHD uses fall numbers as OFFICIAL university figures.

This page counts non-degree-seeking students in the Transient categories. This causes the Transfer totals to differ from the second page. The second page reports students as Transfer whether or not they are degree-seeking.

Beginning in 2011, ethnicity data has been split into a two question format. The information is compiled into the old categories to enable comparison of data across time.

This report includes students who are non-resident, located out of state, and taking only online classes that could not be included in state reports per their instructions (2015: 5 students).

MBA Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students.
