This page counts non-degree-seeking students in the Transient categories. This causes the Transfer totals to differ from the second page. The second page reports students as Transfer whether or not they are degree-seeking.

Beginning in 2011, ethnicity data has been split into a two question format. The information is compiled into the old categories to enable comparison of data across time.

This report includes students who are non-resident, located out of state, and taking only online classes that could not be included in state reports per their instructions (2017: 3 students).

Graduate Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students.
